CONFERENCE SCHEDULE

19 July 2014, Saturday

*lunch & 2 refreshments provided

Session **1** 9.00 am

What is the Mystery of God's Favour?

God's mystery is something hidden in His will that will be revealed to a trusted person at the right time and under the right circumstances. Finding God's favour means being prepared and rightly positioned for the opportunity He offers. God's favour is not favoritism but it is His blessing upon the person He trusts and who aligns to His chosen purposes.

Session **2** 11.00 am

Why has God Chosen Israel?

God did not choose Israel because it was a mighty and impressive nation but because of His love and faithfulness to His promises. The Bible testifies that God does not judge according to appearances but He looks at the heart. God's choice of Israel has to do with His character and sovereign plan for the world and for the Church.

Session **3** 2.00 pm

How Can You Align With God's Purposes?

Aligning with God's purposes is vital for finding His favour and blessings in your life. This means finding your personal call and destiny in Him and learning to bear fruit through your service in His kingdom. John the Baptist said, "Every tree that does not bear good fruit will be cut down." God's desire is for each of His children to find favour in His sight and everlasting reward.

Session **4** 4.00 pm

What is Yet to be Revealed?

God has chosen to change the world in our generation through the "resurrection" of Israel as a modern nation and the re-emergence of Messianic Jews (Jewish people who worship Jesus). This is the revelation of a great mystery foretold in the Bible but long hidden in God's plans. The impact of these current events is changing the spiritual landscape and the future of the Church.

* participants may walk in from **8.30 am** onwards
